# Sidi

## Boots - Off Road

- A** SIDI Crossfire / Crossfire SRS
- With conventional sole / SRS sole
  - Sidi all new trick flex system improving leg flexion.
  - Allows a more natural riding position on the pegs without compromising safety.
  - Second joint provides more comfort and increased adjustment of the bootleg.
  - Also sports an anatomically shaped heel.
  - All the features you'd expect from a top-end boot.

- B** SIDI Charger
- Full and split grain suede leather upper with TPU inserts.
  - Cambrelle and air Teflon mesh lined.
  - Four buckles work independently from each other for secure closure.
  - Anti skid rubber sole.

- C** SIDI Discovery Tepor
- Manufactured in top-grain leather and impressed anti-wear chamois split-grain leather.
  - The boot is completely lined in Tepor, an extremely soft, waterproof and transpiring membrane.
  - Gear shift pad is in leather.
  - The sole is rubber with especially designed tread for improved grip.
  - The rigid heel is shock-resistant anatomical polyurethane.

- D** SIDI Stinger
- Sidi FlexSystem technology for young riders or ladies.
  - Lined with Air Teflon® mesh for more comfort.
  - Allows a more natural riding position on the pegs without compromising safety.
